The Children's Nutrition Research Centre, The University of Queensland, is proud to present the "Key issues in childhood nutrition. Australia. 2016." symposium. The Symposium is an essential event for all clinicians and allied health professionals who value learning the most up to date recommendations and management strategies.

The Key Issues in childhood nutrition. Australia. 2016 symposium will cover a broad spectrum of nutritional issues concerning introducing solids to preterm infants, paediatric weight management, gut microbiota, food allergy, breastmilk sharing, cultural aspects of infant feeding and other current topics.
