Release Elective placements <u>at Ochsner</u> for <u>Semester 1, 2025</u> .	Week of December 2 <sup>nd</sup>		

\*Students will **<u>rank</u>** the **6-week** *Clinical Placement* they prefer to do for their required AUS Return Placement. Students should use the swap periods to arrange the <u>Clinical Placement Order</u> in which they wish to return to Australia. When submitting rank preferences, students should refer to the <u>*Return*</u> <u>OCS Placements table</u> below for available placements in Australia.

Ochsner Clinical School • The University of Queensland Medical School

• For students allocated to Australia for *Medical Specialties* or *Elective*, refer to this <u>link</u> for further preferencing details.

## Tips – AUS Return Placement

 Preference the clinical placement order you want for 2025. Keep in mind <u>when</u> you want to go back to Australia and for <u>which</u> clinical placement block. Use the table below <u>as a guide</u> for placements that are available in Australia when submitting your rank preferences.

	Block 1	Block 2	Block 3	Block 4	Block 5	Block 6
Anes/ICU/Ophthal	6	4	6	4	7	4
ED/Ortho	0	0	0	0	0	0
Med Spec	11	11	9	9	9	12
MIS	0	0	3	0	0	3
RRM	5	5	5	5	5	5
TOTAL	22	20	23	18	21	24

- If there is a certain **clinical placement** you want to do in AUS and during a particular **block**, then you should preference your clinical placement <u>order</u> accordingly. For example:
  - You want to do Medical Specialties in Block 3 in AUS. Preference Advanced Hospital Practice for Semester 1 with Medical Specialties in Block 3. When provisional clinical placement orders are released, if you get Medical Specialties in Block 3 (Semester 1), then you will rank <u>Block 3</u> as 1<sup>st</sup> when you preference for the AUS return.
  - If you get Medical Specialties in Block 1 (Semester 1), but you know you prefer to do Medical Specialties in AUS in Block 3, then you will need to arrange a *placement swap* during the appropriate Swap Request period.
  - Keep in mind that you may not get your 1<sup>st</sup> preference for Australia and need to plan on that when planning your clinical placement order.
  - <u>Recommended</u>: Use the *Forum* on the <u>Ochsner Medical Societies Online Group</u>. Questions about the allocation process will be answered by OCS Student Admin. You may also use this *Forum* to liaise amongst yourselves in planning your placement orders.

## Refer to the <u>UQ-Ochsner website</u> under <u>Years 3 and 4 Ochsner - Allocations</u> for further details.
