Clinical Immersion Locations

- Students who can demonstrate extenuating circumstances may be afforded special consideration during the allocation process – **location and order**. See [Clinical Immersion Guidelines](#) for further details.
- Clinical immersions will primarily be located within your Learning Community. Where clinical immersion experiences are not available in your Learning Community, they will be scheduled at a facility that offers the appropriate opportunities to meet the learning outcomes.
- Students can view the immersion locations offered within each Learning Community here: <https://medical-school.uq.edu.au/current-students/doctor-medicine-students/clinical-immersions>

There will be two separate links: one for Learning Community preferencing and one for Clinical Immersion Term Order preferencing.
